Admission Information for Certificate and Diploma Programmes

Introduction

To serve part-time students, Hong Kong Baptist University School of Continuing Education (HKBU-SCE) has developed a hierarchy of sub-degree level award-bearing programmes and a wide selection of career-related or interest-oriented courses. Some of these programmes lead to SCE Certificates and Diplomas. Others are named Professional Certificates, Advanced Certificates, Professional Diplomas and Advanced Diplomas. These programmes are all specially designed to provide working adults with an educational opportunity for lifelong enhancement of their professional knowledge and skills. All courses that make up various certificate and diploma programmes, as described in the ensuing sections, are part-time short courses available mainly in the evenings.

If you are interested in these award-bearing programmes, you should submit an application for admission to the School during the specified application period. Applicants who possess results acquired from public examinations or other tertiary institutions may apply for exemptions when applying for admission.
